

FLAT SMILEY

Directions:

Download this file and color and decorate Flat Smiley to your heart's content.

Then cut him out and take him with you to Black Rock City and your local burner community (drink!) to document your adventures with Flat Smiley using a digital camera or videocam.

Upload the files to Facebook, YouTube and Flickr and tag them "flatsmiley" and/or "bm2011" (or hash tag "#flatsmiley" and/or "#bm2011" if you're using Twitter) so that we can find them and share them with other participants.

Support burners who can't make it to Burning Man this year by sending a digital postcard from the playa!

The Flat Smiley Project is a collaborative new media project and community building activity for Burning Man 2011.
